

**GENERAL INFO**

**SHOWER FILTER SYSTEMS**

Prevent dry, itchy skin caused by chlorine in your shower water using a Puretec shower filter. It installs quickly and easily and the results are instant and impressive.

The attractive Puretec SF Series looks appropriate in every bathroom and installs very easily. No re-plumbing is needed when installing the cartridge. This filter cartridge reduces taste, odour, sediment, heavy metals and importantly chlorine which the body would otherwise absorb.

Puretec SF Series is a logical addition for people concerned about home environmental issues including the quality of water and air in their homes. Help protect your family's personal environment with a Puretec SF Series filter in every shower.

**PRODUCT FEATURES**

- Remove harmful chlorine from shower water
- Compact but powerful filtration performance
