

GENERAL INFO

DESIGNED FOR MAINS WATER

Sparkling, Chilled & Ambient Water on Tap

The SPARQ S4 gives you the luxury of filtered sparkling or still water, right in the heart of your home. A simple touch on the stylish LED panel will give you filtered sparkling or still water, chilled to perfection. The SPARQ S4 is an object of prestige. With sleek lines, elegant styling and the luxury of sparkling water on tap, it is the perfect finishing touch to your kitchen or entertaining area.

FILTRATION TECHNOLOGY

Using the latest carbon briquette technology, the filtration system will purify the water in a multi-stage process. Puretec's long life filters usually only require changing once every 6 to 12 months. The quick-twist cartridge can be easily replaced.

Carbonation system

Once the water has been purified, it can be delivered either sparkling or still. If sparkling water is selected, the system injects CO2 gas into the water stream as it is dispensed. This gives you chilled, fresh water with just the right amount of sparkle. The CO2 canister is easy to replace, and usually lasts between 9 to 12 months, depending on individual use.

Chilling the water

The SPARQ S4 includes a built in cooling system that chills the water for a refreshingly cold drink. You can choose between ambient or chilled when dispensing still water. The sparkling water is delivered chilled only.

FEATURES & BENEFITS

- A choice of sparkling, chilled & filtered water, straight from the tap
- Soft touch buttons on the stylish LED panel
- Compact under sink system
- Longer filter life, your filter will usually last between 6 to 12 months
- Filter cartridges are very easy to replace
- Using the latest carbon briquette technology, the multi-stage filtration system will purify the water in a multi-stage process
- The SPARQ S4 includes a built in cooling system that chills the water for a refreshingly cold drink

SPARQ S4 Product Specification

Model	SPARQ S4
Filtration	1 Micron Multi-stage
Cold Water Temperature	4°C to 10°C
Capacity	20 Litres per hour
Maximum Power Consumption	Direct chill system 100W
Warranty	1 Year [^]
Weight	18 kg

[^]1 Year Platinum Protection applies to Puretec Systems when used in conjunction with a Puretec filter cartridge. Warranty is 1 Year parts and labour.

Installation Requirements

Water Connection	1/2"
Power requirements	Standard 10amp power outlet (earth leakage protected)
Max. recommended inlet pressure	500 kPa
Required hole for the tap	33-35mm (max)
Ideal undersink dimension	(w x d x h) 750 x 660 x 520mm
